JAUAR GROUP GLOBAL HEADQUARTERS

LEED Platinum Certified by USGBC

Net Zero Energy Building spread over 48,000 sq. m.

Conceived back in 1960, the Jaquar Group has been built on the platform of the highest quality standards, aesthetics and the intent of providing world-class products. Today, the Jaquar Group caters to luxury, premium and value bathroom segments with Artize, Jaquar & Essco brands, respectively, for residential and commercial sectors across the globe.

A Artize

craftsmanship in water

A tribute to the fine traditions of exquisite craftsmanship and precision where design, technology and expertise combine to deliver a masterpiece. Artize products are crafted for luxurious bath spaces. Perfect harmony is the very essence of Artize-together as coordinates or even as individual pieces. Artize's exquisite craftsmanship is so stunning that it can inspire the design principles of not just your bath spaces but of your entire living spaces.

The oldest brand from India's most trusted corporate in the bathware segment, Essco has been in existence for 5 decades. A value brand that added a whole new chapter in the country's bath fittings industry by ushering in the era of the organised bath market, Essco has been supporting affordable and sustainable housing in India. Its range of quality products are not only priced reasonably, but also offer a 10-year warranty and excellent customer service. Essco has been standing tall in the Indian bath fittings industry since 1960 by delivering great performance at a low cost. And enabling Indian consumers to live a better quality of life through good sanitation and affordable housing.

Created for the premium segment, the Jaquar brand offers the Indian consumer easy access to the finest choices in bathing products. India's most trusted bath brand, Jaquar is an undisputed market leader because of its quality that is backed by unmatched customer service - available nationwide, with a single number. A global Superbrand, Jaquar's wide range of products combine beautifully designed aesthetics with the highest build quality to ensure that they can withstand tough Indian usage conditions. Customer confidence in the brand is further strengthened with the 10-year warranty and industry-leading customer care. A Complete Bathroom Solutions brand, Jaquar is a one-window solution brand for anyone seeking to build a beautiful bathroom.

Jaquar Lighting gives you complete lighting solutions - for residential, commercial and outdoor use. Our extensive range lets you choose for varied budgets without compromising on quality and reliability. They are designed to complement and coordinate the most exclusive interior and exterior lifestyles and decors, from classic to contemporary. The house of Jaquar has the legacy of excellence that has been manifested time and again through its brand of bath fittings; Jaquar Lighting is no exception. Every lighting product reflects Jaquar's impeccable record of superlative quality and painstaking attention to detail.

JACUAR, BUILT ON THE HIGHEST QUALITY STANDARDS

Jaquar is known the world over for its excellence in innovation and technology, continuous research and development, and being a leading, trusted bath brand.

Jaquar has been built on the platform of the highest quality standards, aesthetics, and the intent of providing world-class products.

A one-stop solution for all bathroom needs, Jacquar has high-performing faucets, showers, sanitaryware and wellness, shower enclosures and water heaters products in its wide coordinated portfolio.

Key Highlights

- World-class brands, products and ranges for residential and commercial purposes
- One of the fastest growing bathroom brands in the world
- Presence across 45+ countries in Europe, Middle East, Asia-Pacific and Africa
- 5 state-of-the-art manufacturing facilities spread over 2,70,000 sq. m., with the most modern machines and processes
- Delivering over 21,00,000 bathrooms every year
- A committed workforce of over 9800 across the globe

Production Process

Be it mould making, casting, grinding, polishing, electroplating, and finally, testing and assembly, Jaquar has the complete manufacturing process under one roof in a fully integrated plant. The factory is also constantly online with the marketing team, and engages in demand forecasting, using market information plus trends to predict demand.

Quality and R&D

Jaquar is always striving to create value and exceed customer expectations through continuous product innovation and cutting edge technologies.

To ensure performance and longevity, all Jaquar products undergo numerous tests. Jaquar's well-equipped R&D Centre has the latest instrumentation and 3D modeling design software to carry out design functions and define technical specifications. Jaquar also has many global certifications for quality from SASO, WRAS, ISO, BIS and TISI.

GO GREEN !

As a major global manufacturer of bathing products, we at Jaquar are well aware of our responsibilities. Conservation of precious water as a natural resource has long been the primary goal of our sustainability efforts to help preserve the living planet for our future generations.

Go Green is a philosophy embraced by Jaquar as a tenet of its design and production system to save water.

Technology that **saves** water

Flow Restrictors

This is a revolutionary technology that lets your taps and showers save upto 80% of water without compromising on the flow.

Jaquar Flow Restrictors adjust the flow in both low and high pressure conditions and offer the same voluminous flow every time.

Flow Restrictor

Flow rate options available:
1.4, 2.5, 4.0, 6.0,
8.0, 13 LPM

Flow rate options available:
6.0, 8.0 & 12 LPM

Flow Restrictor

Air Showers

Jaquar's Air Showers have a built-in air mixer that mixes air and water in a manner that makes shower drops lighter but voluminous. This revolutionary technology helps Jaquar air showers save up to 30% of water without compromising on the showering experience.

Choose from a wide range of Hand and Overhead Jaquar Air showers with single and multi-flow options.

70% Water + 30% Air
= 100% Rejuvenation

Pressmatic Faucets

Taps with technology that allows only a fixed quantity 1.5 ltrs. of water to flow with every press of its knob. This mechanism not only prevents water wastage during each use, but also provides ease of operation. Jaquar Pressmatic taps are recommended for bathrooms of high traffic locations like restaurants, clubs, hotels, colleges, hospitals, airports etc.

Sensor Faucets

Faucets with technology that allows water to flow only when you need it and shuts it as soon as you move your hands away, resulting in zero wastage of water. There's no better way to save water than when you don't need it e.g., while washing hands with soap, you can save water when lathering. Use Jaquar Sensor taps in high traffic areas like restaurants, clubs, hotels, colleges, hospitals, airports etc.

Three stages of washing hands

Wetting your hands

Making lather with soap

Rinsing your hands

Water consumption chart

	Time consumption in seconds			Water Consumption (A+B+C Stage)	SAVING
	A	B	C		
Single Lever Basin Mixer	5	12	7	4.31 L	BASE*
Sensor Faucet	5	Not in use	7	1.8 L	59%
Pressmatic Faucet	8	Not in use	8	3.01 L	31%

*Base calculation is taken on Florentine basin mixer at 1 bar pressure

Dual Flush

Flushes that use more water than needed are the biggest water wastage culprits in every home. Jaquar's dual flushing systems enable you to use either a combination of 3/6 Ltrs of water or 2/4 Ltrs of water, depending on your water closet. Jaquar's beta valve is designed to save 50-60% of water every day.

Products that **save** water

Pressmatic Taps
1.5 Ltrs. per operation.

Air Showers
Save 30% of water.

Sensor Taps
0.11 Ltr. per second.

Sensor urinals
1.5 Ltrs. per flush.

2/4 Ltrs. flushing systems
Save approx 65% of water.

3/6 Ltrs. flushing systems
Save approx 50% of water.

Faucets

Faucets

Jaquar faucets provide a great experience with their high quality and high performance. Jaquar's in-house, award winning design team is well integrated in its approach and helps to produce 60,000 faucets per day. Our state-of-the-art manufacturing units are backed by a world class testing lab. That's why Jaquar faucets conform to the highest quality and regulatory standards. Jaquar's passion for perfection reflects in the 10 years of warranty it extends on its faucets. Today, Jaquar faucets have about 60% of the market share. The faucets comprise of 22 ranges to suit various design needs, besides a complete range of faucets with single-lever, quarter turn and multi-turn operation.

Jaquar Care

Faucet Technology

Cartridges

The heart of every faucet, the cartridge is responsible for controlling water supply.

- Jaquar cartridges are 5 lacs cycle tested to give a longer and trouble free operating life of upto 20 years (considering 60-70 operations per day)
- Wide angle of lever provides ultra comfort and flawless, smooth operation
- Our cartridge spindle is made of brass instead of plastic, to avoid breakage
- Works smoothly even at high temperatures (85 degrees) and in various pressure conditions (0,5 -5 bar)
- Recognised and approved by national bodies NSF -USA, ASME-USA ,WRAS-UK,ACS-FRANCE

Aerators

Devices that mix air with water to give a soft and splash-free flow.

- Our integrated honeycomb-structured aerator, provides lime buildup protection
- Integrated anti-clogging dome screen of the aerator filters sediments and dust particles

Chrome Finish

Upper shiny protection layer provides a mirror finish to every faucet.

- High plating thickness (Nickel: 10 microns and Chrome: 0.3 microns) provides tolerance to extreme climate and water conditions
- 450+ hours of salt spray test ensures our finishes are highly durable and corrosion resistant for a much longer duration.

i Flush

The intelligent flushing mechanism
that installs directly in the normal pipeline!

Upgrade to the simpler
smarter flushing mechanism!

i-Flush advantages

- Can be installed in 4" Brick Wall, no need to construct a separate ledge wall
- It gets directly installed in 32 mm (1-1/4 inch) pipeline from overhead tank
- Repeated flushing is possible whereas concealed cisterns will definitely take time to fill up after flushing once
- i-flush 32mm can work efficiently at even low pressure (minimum 0.8 bar dynamics)
- Less noise in flushing
- Dual flush-Saves water, a green product
- Easy maintenance, control stop valve can be closed with the help of a T-type key provided along with product
- Access to control cartridge by removing front actuation plate hence easy accessibility for maintenance

in-built control system

saves water

Building a bathroom?

**Step 1:
Visit the Jaquar
Orientation Centre.**

A treasure house of ideas and solutions for bathrooms and interiors, the Jaquar Orientation Centre is the best place to see, touch, and feel our complete range of bath fittings and accessories. Manned by a team of our experts, the Jaquar Orientation centre is the perfect place to get:

- Complete bathroom and lighting solutions
- Expert advice
- Wide range of products and concepts
- Unmatched customer service

The Jaquar Orientation Centre. Never build a bathroom before you visit one!

Complete Bathroom and Lighting Solutions:

Faucets | Showers | Sanitaryware | Whirlpools | Steam Solutions | Spas
Saunas | Shower Enclosures | Water Heaters | Flushing Systems | Lighting

For more information, call
33002233
or visit the
Jaquar Orientation Centre
in your city.

Jaquar
GROUP

Showers

Showers

Jaquar showers are designed to deliver a range of experiences, and let you have a shower of your choice every time. Our overhead, hand and body showers complement a wide range of shower systems, catering to your unique showering habits, design and installation requirements.

Our advanced showers are designed to deliver great precision and

consistent water distribution to each individual nozzle. Jaquar showers give you a choice of upto 5 different flows matching your mood. Whichever flow you choose, you will be assured of an ultimate experience every time.

Cascade

Mist

Features

Advanced Rubit Technology

A feature that keeps showers clean and increases their longevity. Since the spray jets on the showers are made from elastic silicone, they ensure that no limescale deposits stick to the shower face. Even if they do, they can be easily rubbed off by hand or flannel.

Click Position System

All Jaquar multi-function showers feature the convenient click mechanism. You can feel and hear the click while changing the function of the shower sprays.

Thermo Insulation

Jaquar's insulated shower systems prevent scalding by not heating up the shower body.

Jaquar Booster Technology

Jaquar Booster Technology creates the sensation of a full shower regardless of the water pressure.

HydroLite

A light emitting shower which transforms the stream of water into a beautiful waterfall of light.

- **Hydro Power:** Powerful electric energy for LED, which is generated by waterpower. Does not require any battery or electrical power supply.
- **LED:** The sensitive shower light changes its colour with change in temperature.
 - Water glows Red when temperature is above 42°C
 - Water glows Purple when temperature is between 32-42°C
 - Water glows Blue when temperature is less than 32°C
- **Rain:** Immersing your body in a heavenly rain, experience nature's downpour.

**Exposed Shower Pipes:**

Exposed shower pipes offer a wide shower experience without the need for complex concealed installation. They are available in new refreshing designs that can be integrated into any bathroom design—old, new or renovated. Simultaneous working of showers make bathing experience more enjoyable. Allowing for height adjustment, these showers can be positioned to release the spray either directly or diagonally from above. This exposed application makes it easy to upgrade or renovate your bathroom at any time.

Thermostatic Mixers

Hi-Flow Thermostats - Aquamax

An unmatched showering experience even at low water pressure!
Jaquar's innovative new Aquamax series offers an unbeatable combination of convenience, efficiency, safety and style. Aquamax thermostatic mixers give the choice to select any design. Be it Kubix

Prime, Opal Prime, Ornamix Prime, Vignette Prime, Alive, Aria or Florentine – to match your bathroom design and any outlet type-be it one, two or three outlets, to suit your requirement.

Features

MAX Performance:

- Works efficiently even in low pressure
- No need of pressure pump
- Flow rate (1 Outlet) : 56 LPM@3 Bar
- Flow Rate (2 Outlet) : 42 LPM@3 Bar
- Flow Rate (3 Outlet) : 52 LPM @3 Bar

Max Flexibility:

- Universal Concealed body
- Available in 1,2,3 Outlets
- Can have any of the 7 ranges (Kubix Prime, Opal Prime, Ornamix Prime, Vignette Prime, Alive, Aria, Florentine)
- Available in 9 colour finishes

Max Safety:

- Thermostat (adjust temperature as desired)
- Non returnable valve to prevent accidental mixing of hot & cold water
- Child Lock (no chance for rotating knob to uncomfortable hot/cold)
- Anti scalding feature to shut off the supply in the absence of cold supply breakage
- Mechanical (Non Electrical) cartridge

Thermostatic Mixers (Aquamax)

Why Jaquar Water Heaters

Water heaters that give you more.

To ensure that they are worthy of the trust that is placed by customers in every Jaquar product, a whole range of safety, longevity and energy efficiency features have been built in to these water heaters:

1) MORE SAFETY

- Double Safety Thermostat – dual overheating control mechanism cuts off power automatically even if primary cut off fails
- Multi-function Safety Valve – discharges water and acts as a non-return valve if pressure or temperature exceed preset limits

**Double Safety
(Thermostat and
Thermal Cut-out)**

**Multi Function
Safety Valve**

**Earth Leakage
Circuit Breaker**

2) MORE LIFE

- Superior Quality Glass-lined Inner Tank – prevents rust, corrosion and prolongs the life of the inner tank
- Single/Dual Glass-coated Incoloy Heating Elements – made of high quality steel for quicker heating and to prevent scale formation

**High Quality
Glass Lined**

3) MORE SAVINGS

- High Density Insulation – CFC-free PUF insulation, with added thickness to minimise heat loss and maximise energy savings
- Cathodic Protection – a sacrificial Magnesium Anode protects and saves the tank from electrochemical reactions during water heating

**Energy Saving
High Density
PUF Insulation**

**Cathodic
Protection**

4) ATTRACTIVE DIGITAL FEATURES*

- Cordless Remote: Wireless remote control for operational ease
- Full Digital Display
- On/Off Timer
- Clock Temperature Setting

**Cordless
Remote**

**Digital Controls
and Display**

5) TRUST OF JAQUAR

- Quality sets Jaquar apart. The high standards of our products have cemented our reputation as the most valued premium brand in the bathing industry

6) UNMATCHED CUSTOMER SERVICE

- Jaquar Water Heaters come with a warranty along with service back-up. Jaquar also offers a Preventive Maintenance Service for hassle-free bathrooms

Sanitaryware

Sanitaryware

Jaquar sanitaryware provides you with a wide range of designs and features to enhance your bathroom décor perfectly. Our wide range of wash basins, offering Wall Hung, Over Counter, Under Counter and Counter-top installation are well coordinated with Jaquar's exquisite range of faucets. What's more, our water closets with single piece,

coupled and wall mounted options, fit into your coordinated design and installation parameters perfectly. Their user-friendly, as well as two push-button activated dual-flush, technology provides you the choice of using 3 ltr or 6 ltr flush options.

Features

Anti-Germ Glazing

Anti-Bacterial Glaze is an additional Fluoro-Polymer in glaze. It is applied on Jaquar WCs and Wash Basins through a special process and provides the following benefits:

- It forms a strong hydrophobic shield which prevents the build-up of bacteria and germs
- Ideal for India's humid weather conditions
- Renders the surface durable and highly repellent to dirt, oils and liquids
- Facilitates easy removal of hard water deposits

Clean and Odour-free WCs

The interior portion of the traps of water closets are glazed

- Ensures the trap does not collect dirt or give out odour
- Prevents dirt from sticking inside the trap
- Facilitates easy flushing and waste removal
- Ensures clean and odour-free bathroom

Soft Closing Detachable UF Seat Cover

- Load bearing capacity of over 150 kg (seat cover and bushes)
- Shape and texture of the seats unaffected by temperature variations
- Does not absorb room temperature therefore the seats are neither too hot nor too cold to touch
- Surface is resistant to stains and strong dyes
- Does not deform or peel-off with use
- Special buffer oil is used in the hinges for lasting functionality
- Soft-close action to eliminate noise of falling of the cover. This is guaranteed for 5 years
- Adjustable speed of falling of the cover within a range of 1 to 15 seconds that leads to silent operations

Stringent quality parameters:

- Load Bearing Test 400 kgs for WC & 100 kgs for WB
- Autoclave Test for Craze Resistance
- Chemical Resistance Test to negate the possibility of stains
- Spectro Photometer Test for colour stability
- Flushing Tests: (a) 100 Ball Test (b) Ink Test

Easy Installation

- Flatness of parts getting fixed to the wall
- No gaps between the wall, floor and the fitting portions of the sanitaryware
- Perfect fitting for a perfect look
- Enlongated rag bolts holes are elliptical in shape, hence it is easy to install

10 Years Warranty

After Sales Service

Large service network for complete peace of mind. Jaquar also offers preventive maintenance services for hassle free bathrooms.

Uniform Standard

Uniform grades of product available for retail and project. No differentiation in terms of product quality, design and colour.

Rimless WC.

Innovative, hygienic design that makes flushing efficient and cleaning effortless.

Blind Installation

Design that adds to the aesthetics of the WC. No side windows for installation. More Hygienic and clean.

Tornado Flushing

Silent Flushing. Cleans entire toilet rim and bowl more effectively, reduce water consumption.

Wellness

Whirlpool

Jaquar proudly presents its own range of whirlpools. Created by specialist designers from Europe and made in Jaquar's state-of-the-art manufacturing facilities.

Jaquar Whirlpools bring wellness into your home with great style and panache. Their jets project water in a flowing, circular motion, which offers a wide array of health benefits, including relaxation, improved blood circulation and sore muscle and joint relief. Whatever you desire, whether hot or cold water massages, long relaxing soaks or even chromotherapy, a Jaquar Whirlpool gives you all these and more. Easy to functions flawlessly switch water modes for your benefit.

Advantages

- **Hydromassage:** A gentle jet stream massage bath that stimulates from the surface of the skin onwards. The deep tissue massage stimulates blood vessels and nerve endings, and relaxes your body's entire muscular system.
- **Air Massage:** An infinite number of air bubbles provide a caressing sensation on the skin and allow the water's soothing warmth to penetrate deeper into the body's tissue. This sensational feeling, akin to weightlessness, is accompanied by a deep experience of healing warmth.
- **Chromotherapy:** The use of various coloured lights offers additional therapeutic benefits when used in conjunction with the whirlpools massage. These include:
 - Green:** has harmonious effects on the digestive system.
 - Yellow:** radiates sun-like warmth on the body.
 - Blue:** is calming and soothing and lets you float away in to your dreams.
 - Red:** infuses energy and vitality, giving lost strength to the entire system.

Features

The unbeatable product features are:

- Brilliant surface of sanitary acrylic
- Warm surface
- Antibac® hygienic surface
- Increased chemical resistance
- High break strength
- Long life in use
- Excellent design possibilities
- Easyglide® layer
- Low specific weight
- Recyclable
- Repairable

BATHTUB LAYERS

Special transparent acrylic top layer has a high chemical resistance to : cleaning agents, perfumed foams, household detergents, body care products. It prevents surface defects, crazing/cracking, decoloration and color fading

Special polymer for better mechanical resistance to impact and temperature

Polyurethane layer is recyclable and uses ecological material with high insulation that retains the temperature for a longer period than FRP

For any installation and maintenance related enquiry
please call Customer Care at 18001216808 (Toll Free)

Safety Vacuum Breaker

This is one of the important safety features installed in Jaquar whirlpools. In case of blockage in the suction point the motor switches off automatically.

No Bacteria Formation.

Fresh Water Everytime
The water pipes connect via Y-shaped housings, creating a bow which ensures the complete drainage of water. Unpleasant odours and, even worse, bacteria are thus avoided.

Environment Friendly

The pipes are made from special Food Grade PVC. These pipes have an anti bacterial coating on the inner side so that even if some drops of water stay behind after the tub is drained, there won't be any bacteria formation in the water droplets.

3 Tier Test

Each and every Jaquar whirlpool goes through a functional test with hot water after which it is tested on a European test machine for earthing resistance, insulation test and a high voltage test.

Easy To Use

The electronic keypad control activates all the hydromassage functions, to regulate Airpool intensity. All electronic parts can be installed and removed on site, thus making after-sales, what it should ideally be - a service !

Water jets

The effectiveness of the hydromassage is enhanced by the exclusive the water flow can be adjusted in intensity and direction to suit personal needs, in order to gently massage delicate areas.

Airpool jet

The airpool jets provide a gentle and delicate massage on your spine, which increases the sensation of warmth in the body and has beneficial effects on the back. The air bubbles open the insulation layer by oxygenating the body.

PMMA sheet

Jaquar whirlpools are made of the highest grade of PMMA acrylic sheet

Air suction valve

To enable suction of atmospheric air, and distribute it to each and every water jet to boost the jet pressure.

Freestanding Bathtubs

Bathtubs are for more than just bathing. They can be an oasis of peace and calm. Jaquar's freestanding bathtubs set the mood perfectly for those precious moments of relaxation with their beautiful lines and curves, which invite you to step in and indulge yourself at the end of a long day. For those who have the luxury of space in their bathroom, a chic, freestanding Jaquar bathtub placed away from the walls makes a stunning statement of style and class.

Built-in Bathtubs

The more common and practical choice in bathtubs, the built-in or 'drop-in' bathtub is preferred wherever space is at a premium. Because they are placed adjacent to a wall and tucked away, built-in bathtubs are space-economical and can also offer additional storage on the surrounding ledges or the walls next to them. Perfect for placing an aromatic candle or two while you soak in the bubble bath and unwind!

Spas

Spas are a wonderful way to relax and restore equilibrium. Jaquar's spa models are technological marvels whose 'well being circuits' comprise of various seats and a common footrest in the centre. Each seat is strategically fitted with different types of massage jets in various positions, oriented to massage different parts of the body. By moving from one seat to the other, one can enjoy a complete and satisfying massage that stimulates and relaxes all parts of the body. Cushioned headrests, ergonomic seats and a host of high performance features make this the ultimate home spa experience.

Why Jaquar Spas?

More economy

An array of energy efficient technologies make our spas more economical to run and easier to enjoy more often without worrying about power consumption.

Cleaner, healthier water

Unlike swimming pools, Jaquar spas don't use harsh chemicals that can be harmful for the skin. Our spas feature advanced water treatment technologies to ensure the cleanest, clearest water.

A superior experience

Jaquar spas have superior hydrotherapy performance and features that are usually reserved for the world's most expensive spas.

Guaranteed to last longer

Every Jaquar spa is hand crafted using industry-leading techniques and materials, which is why we can guarantee the spa shell for 10 years.

Easier to maintain

Jaquar spas give you the ultimate in easy care spa ownership without needing to spend much time on maintenance, or have a degree in chemistry to enjoy crystal clear water.

Features of our Spas

Technologies that save energy and money

To let you enjoy using them without worrying about the power bill, Jaquar spas come with a whole range of energy efficient technologies.

Cabinet Insulation

Jaquar spas have insulation in the perimeter of their cabinets to maintain the warmth of the water, and the spa's plumbing and equipment, further reducing your energy costs.

Intelligent Thermal Regulation

Allows the spa to tune itself to its environment, day-to-day and season-to-season, thus reducing your heating costs by up to 20%.

Smart meter ready

Using Power Save software, Jaquar spas can be designed to do the filtering and heating when power costs are at their lowest. You can tailor the operation of your Jaquar spa to take advantage of smart meter technology and reduce your running costs.

Micro Filtration

The top priority is to remove waterborne contaminants.

Hydroflow jets

A Jaquar spa's hydroflow jets are designed to maximise jet pressure and provide a world-class hydrotherapy experience giving different massage action in each seat.

Ergonomic design

Jaquar spas are designed to maximise your comfort. Jets are positioned to massage tired muscles. The controls are within easy reach. And relaxation comes automatically.

Easy to operate

Jaquar spa control systems are intuitive and easy to operate and offer maximum flexibility and control. The top side panel controls most functions with one touch of a button. More advanced controls can be accessed through the simple English menu functions.

Two lounger seats

To avoid arguments over who gets the spa's lounger (usually the most comfortable and most coveted seat in the spa), most Jaquar spas have two luxurious hydrotherapy loungers.

Individual pressure control

To ensure complete satisfaction for all, each seat in your Jaquar spa can be controlled with the seat's pressure control dial. In addition, most jets can be individually controlled, directing pressure to where you need it most.

Dynamic lighting options

Flood lighting, jet lights, backlit drink holders and water features, waterline illumination and access lighting can all be added to your Jaquar spa to enhance your experience. Lighting programs can be controlled using the spa's topside controller.

Neck therapy collar

Optional on most Jaquar models, the neck therapy collar incorporates jets specially designed to eliminate stress and tension carried in the neck and shoulder area. Opt for the neck therapy collar to soothe away the stresses of your day.

Saunas

A Sauna is a bathhouse or room, usually made of wood, which uses dry heat to induce perspiration, with steam being produced by pouring water on heated stones. Perspiration or sweating is one of the main ways our bodies get rid of the traces of hundreds of toxins that accumulate inside us from pesticides, drugs and manmade chemicals. 15 minutes in a Jaquar sauna can help us sweat as much as we might otherwise do over an entire day or more. And the benefits of this are many – ranging from relieving common cold symptoms to aiding in medical conditions like chronic fatigue, rheumatoid arthritis, musculoskeletal pain, and even cardiovascular and skin conditions. Sauna sessions can also improve performance in endurance sport and help recuperation after childbirth.

Why Jaquar Steam Saunas?

Detoxification

Saunas stimulate the body to release fat-soluble toxins, heavy metals, and other toxic chemicals in sweat via pores more effectively than any other form of heat therapy or exercise. Reports have shown that it can relieve the symptoms of drug-induced lupus. The list of chemicals claimed to be removed from the body includes: mercury, lead, copper, cadmium, manganese, sodium, chloride, arsenic, nickel, benzenes, street drugs, prescription drugs, anaesthetics, cholesterol, urea, nicotine, sulfuric acid.

Immune System Enhancement. A typical sauna session will cause a brief 1 to 3 degree F increase in body temperature. Fever is the body's defence against bacteria, microbes and consequent infection. The production of white blood cells by the bone marrow and killer T cells by the thymus results in boosting immunity, overall.

Stress

Continuous strain on the autonomic nervous system leads to a high level of stress, one of the elusive causes of many chronic diseases.

Weight Control

A 15 minute sauna session is as effective for weight loss as rowing or jogging for 30 minutes. The improved blood flow to organs and endocrine glands speeds up the metabolic process, increasing caloric burn. Because fat becomes water soluble at 110 degrees F, subcutaneous fat can be released along with the sweat and toxins.

Cardiovascular Conditioning

The human body will naturally try and cool itself as temperature increases. It does this by diverting blood from the internal organs to the extremities and skin by vasodilation. This increases heart rate, cardiac output and metabolic rate.

Cellulite

Cellulite is a gel-like substance made up of fat, water and wastes, which are trapped in pockets below the skin. Profuse sweating is purported to clear this form of unwanted debris. A sauna is effective in cellulite removal when used in conjunction with a program that includes diet and massage.

Pain Relief and Control

Saunas help to eliminate or reduce the pain of arthritis, muscle spasms, shoulder pain, neck and back pain, and sprains of any area, and reduce scar tissue and adhesions. Will rapidly increase the healing process in any non-acute injury.

Skin Cleaning and Rejuvenation

Saunas open clogged pores allowing for removal of dirt, oil, and makeup. In addition, there are improvements in skin problems such as acne, rashes, burns, eczema and psoriasis. Scars, even keloids, may be gradually softened.

Steam Solutions

For those seeking wellness in the comfort of their homes, a Jaquar steam solution is a great way to enjoy the benefits of humidifying water vapour from a high-quality steam generator.

Why Jaquar Steam Solutions?

Advantages:

For those seeking wellness in the comfort of their homes, a Jaquar steam cabin is a great way to enjoy the benefits of humidifying water vapour from a high-quality steam generator.

Clearer skin

Steam showers have the ability to unclog pores and remove deeply trapped congestion from under the surface of the skin

Infection treatment

A major benefit of regular steam showers is relief from respiratory infections

Increased circulation

Steam showers are an excellent way to naturally boost circulation throughout the body. Increased circulation brings more oxygen to cells and decreases the risk of hypertension, hardened arteries and muscle function

Stress relief

One of the most powerful benefits of steam showers is their ability to reduce both physical and mental stress

Metabolism and weight loss

Hot steam increases blood flow by stimulating the lymphatic system which, in turn, helps to speed up the metabolism

Advantages:

Stability and Mechanical Resistance

Jaquar shower boxes are characterised by stability and solidity thanks to the zinc-plated steel frame that ensures maximum rigidity of all the components. Stability and mechanical resistance are also the attributes of the shower tray reinforcement.

Easy Installation

The installation of the shower boxes is as easy as it can be: the metal frame carries the elements and is simply put together.

Safety

The range of hydromassage showers meets all the relevant safety standards which are currently in effect. Extra safety that goes beyond any norms is part of the product values that any demanding customer can expect from a leading product. For example, the shower tray surface is ribbed, providing for an excellent anti-slip feature. The steam generator will turn itself off automatically after the preset timeout, avoiding wasting energy and the risk of overdoing a steam bath.

Digital Control

It allows you to manage all manual control functions including sequential back rain jets, back jets, waterfall cervical massage, duration of vertical hydromassage, steam bath function, light, radio and white LED lighting

Control Units

All the hydromassage shower functions can be simply adjusted through easy-to-use control units.

Manual Control

It allows you to manage the shower head and vertical jets, as well as activate the steam-bath function.

Features

Absolute Quality of Materials

Jaquar hydromassage showers are made of co-extruded acrylic, which does not discolour and has a long life. This hygienic material, together with the smooth surfaces and tempered glass shower enclosures, makes cleaning an easy part of the product experience.

A modern bathroom with a shower panel, a bathtub, a sink, and a large window. The shower panel is a white, rectangular unit with a dark wood trim, mounted on a wall. The bathtub is a white, rectangular unit with a dark wood trim, filled with water. The sink is a white, rectangular unit with a dark wood trim, with a white towel hanging on a rack. A large window with a dark frame is in the background, showing a view of a building and a tree. The floor is dark grey, and there is a white rug in the foreground.

Shower Panels

Jaquar's Shower Panels make showering much more convenient, since they can offer all the capability of a shower stall, even in a small bathroom. Body shower jets, hand showers, a convenient shelf for your shampoo and shower gel, and of course an overhead rain shower. Easy to install, Jaquar Shower Panels are a great way to increase the functionality of your existing shower area, as they can fit neatly on to the wall via their wall bars.

Why Jaquar Shower Panel?

Jaquar's shower panels make showering much more convenient, since they are almost like shower stalls, and fit even in a small bathroom. Jaquar shower panels are an easy way to increase the functionality of your existing shower area, as they can fit neatly on to the wall via their wall bars.

Maximisation of bathroom space

Since they are designed to be mounted on the wall, not much floor space is required to accommodate the unit.

Versatility

Instead of using a single shower head, many shower panels are available with multiple water outputs.

Economical

Jaquar panels are available in a wide range of prices, styles, colours, sizes and designs to suit different needs.

Shower Enclosures

No More
Wet Bathrooms

About Jaquar Shower Enclosure

Shower Enclosure has become an integral part of the Modern Bathroom. Besides serving the functional purpose of separating wet & dry area it gives elegance and style to the Bathroom. It takes the aesthetic of the bathroom to the next level.

Shower Enclosure makes bathroom dry, hygienic and safe. Restricting the water inside the wet room only, shower enclosures keep the entire bathroom dry, thus making it bacteria free and hygienic. Shower Enclosures reduces the chances of slippery danger making a bathroom safe.

Space has become the most precious commodity in cities today and a shower enclosure helps save space. Modern Bathroom has 3 specific areas: Basin Area, Water closet area and Shower Area. A Corner standard size Shower Area like 1m x 1m or 1.2 m x 1.2 m helps serve all the functional requirements of the bathroom.

With its functional benefits, shower enclosures have become a need of every bathroom today.

Why Jaquar Shower Enclosures?

1| Jaquar understands bathrooms the best: Our experts are professionals. They understand the requirement of every bathroom in-terms of its pipelines concealed inside the wall, slope of the floor, height of the overhead shower or shower arm, the design advantage and limitations of the bathroom as a whole.

2| Complete Solutions from selection to Installation: Jaquar offers complete solution starting from the right selection of the model as per the design and technical need of the bathroom. We also provide technical guidance & perfect installation of the enclosures by the Jaquar trained technicians.

3| Ready-to-fit: Jaquar's Standard enclosures are flexible enough to adjust itself in terms of alignment of the tiling in the bathroom. Ready-to-fit enclosures saves time - Just pick it and install it.

4| Wide ranges of designs: It comes in wide range of designs and shapes with the option of clear, frosted, textured, curved, square, rectangular glass etc.

5| Complete set, not the knocked down unit: Jaquar Shower enclosures are manufactured in its own plant in Bhiwadi, Rajasthan. All the components like Glass, hardware, Plastic component comes as a complete product. Comes from the house of Jaquar.

6| Ezee Clean: Easy clean feature helps in easy maintenance of the shower enclosures. Since the glasses of Jaquar Shower Enclosures have special hydrophobic treatment, it repels water, oil, soap and helps to keep the glass clean with 90% less effort. It inhibits bacterial growth and prevent limescale build up and water spots.

7| Global Standards: Jaquar Shower Enclosures passes through stringent quality parameters both as per the European and Indian Standards. It ensures consistency and enhances the life of the product.

8| Unmatched Customer Service: Shower Enclosures comes with the warranty of 5 years (except glass) along with the service back up. Jaquar also offers Preventive maintenance services for hassle free bathrooms.

Features:

1| Glass:

Tempered glass: option of 6mm, 8mm and 10mm.

Advantages of tempering/toughening glass:

- 4-5 times stronger than normal float glass
- Breaks into small pieces/dices minimising risk of injury
- Can resist thermal stress as edge strength is higher

Tempering done at Jaquar's own fully automatic state of the art tempering unit:

- Tempering for shower enclosure glasses only
- 90% of an enclosure is glass, so glass must conform to the
- highest safety standards as it is used in the bathroom

Quality checks:

- Fragmentation test: to check breakage pattern of glass
- Zebra test: no waviness
- Ball drop test (impact resistance): to check strength at point of impact
- Visual defects: to check bubbles, scratches, chipping at edges and other visible defects
- Free fall test: to check overall strength of glass, by throwing the glass freely on a plain surface

Standards

- These standards ensure that the glass passes stringent quality parameters
- Ensures consistency
- Enhances life of the product

Conforms to both European and Indian standards:

i. Reference: India

- IS 2553 (part 1 : 1990)
- IS 14900 : 2000
- IS 2835 : 1987

ii. Reference: Europe

- En 14450 : 2000
- Adheres to European toughening norms

2| Hardware:

Frameless Range:

- Hinges - Minimalist and sleek design to make entire enclosure look aesthetically appealing
- Made of brass with nickel and chrome plating
- Automatic closing upto 300
- Tested for 5 lakh cycles
- Rust proof screws

- Screw caps
- Protective film on the hardware to prevent scratches etc
- Designed to carry loads of upto 25 kg (per hinge)
- Gasket: Food grade plastic

Glass Connectors:

- Minimalist and sleek design to match the hinges
- Made of brass with nickel and chrome plating

Stabilisers:

- SS 304 grade
- Mirror finish to match chrome finish of the hinges and connectors
- 19 mm dia

Towel Bars:

- Longest towel rod (405 mm x 205 mm) to hang 2 towels
- Brass with nickel and chrome finish
- 9 mm dia
- No visible screws

3| Plastic Parts :

Semi-Framed and Frameless range:

- i. Made of food grade plastic
- ii. Finish:

- Sleek to match with hardware
- Transparent look complementing glass
- Enhances aesthetic appeal of enclosure

- iii. Concealed magnet ensuring longer life
- iv. 5 year warranty for complete peace of mind
- v. Replacement even if it turn yellowish
- vi. Profile instead of wall connectors:

- Aluminium profiles with powder coating
- Aluminium is first cut to size, then chemically treated and powder coated so that there is no chance of rusting
- Adjustment of 15 mm so as to cover undulations in the wall

7| Hinges:

- Rise of fall mechanism: door rises 6-8 mm above the floor while opening thus preventing any chance of breakage

Sliding Range:

- Top hung channel - gives free walk way
- Wall profiles: sleek with 15 mm adjustment
- Rollers: ball bearing encapsulated in brass
- 5 years warranty on rollers

Tempered Glass With Easy Clean Feature

Glass is a major component in the shower enclosure. So utmost care should be taken while using Glass in the shower enclosure. Raw float glass or heat treated glass should never be used in shower enclosure. Jaquar, keeping safety on priority, uses highest quality of toughened or tempered glass - manufactured in Jaquar's own fully automated state-of-the-art tempering unit, as per the Indian and European safety norms. These standards ensure that the glass passes through stringent quality checks ensuring consistency and safety, thus enhancing the life of the shower enclosures.

All the Jaquar Shower Enclosures have special hydrophobic treatment on the inner surface of the glass. This treatment repels water, oil, soap and helps to keep the glass clean with minimum effort. It prevents bacterial growth, stops lime-scale build up and water spots on the glass.

Jaquar offers a variety of models with different glass options like: clear glass, extra clear glass, frosted glass and textured glass with a variety of patterns. These patterns add elegance to your bathroom décor and provides uniqueness to your enclosures.

Textured & Frosted Glass

Textured glass has a repeating shallow pattern that is available in different styles. It enhances the overall look of the bathroom. Several styles to choose from :

Textured & Frosted Glass

Features:

- Permanent. Images won't fade, peel, scratch or crack
- Control over opacity

Textured Glass:

Unique and Handcrafted designs on the glass. As the patterns are not geometric in shape, each and every piece of enclosure are unique and different to each other. The textured designs on the glass are patterns without losing the transparency of the glass.

Frosted Glass:

The sand blasted frosted glass makes the enclosure opaque which provides more privacy condition. The geometric frosted shaped provide more option of design to a shower enclosure.

Color Finishes

Jaquar Shower Enclosures with a range of myriad hues, add that touch of colour to your bath-time. To create a dreamy sequence, the colours match the colour of the faucets and other fixtures in your bath space, creating a mesmerising and symmetrical ambience.

Flushing Systems

Flushing Systems

In order to bring you the latest and the most advanced bath products, Jaquar, a complete bathroom solutions provider presents a design revolution—the superbly designed high quality flush plates.

Besides modern designs that offer a sleek look to bath spaces and outstanding features like water-saving, easy access maintenance and anti-condensation, Jaquar Concealed Cisterns ensure that your bathrooms look spacious, clean and hygienic at all times.

Advantages

Saves Water: Impressive Dual Flush with a provision of 3/6 ltr flush (Can be adjusted to 2/4 ltrs)

Less Noise: Technically advanced, silent flush valve and fast-filling hydraulic float valve minimises the flushing sound during usage

Perfect Pan Cleaning: Heavy and even water discharge during every flush at every water pressure

No Damage from Condensation: Has anti-condensation lining wrapping the tank and supply bend to protect damage from masonry condensation

Easy to install and maintain: Jaquar's floor standing frames with concealed cisterns not only provide the benefits of easy, quick and perfect installation but also allow you to choose contemporary wall mounted sanitaryware of your choice for the bathroom.

Jaquar's floor standing frames with concealed cisterns not only provide the benefits of easy, quick and perfect installation but also allow you to choose contemporary wall mounted sanitaryware of your choice for the bathroom.

Features

Easy Installation

Easy and hassle free installation as no chiselling of wall is required

Load Bearing Capacity

Wall hung WC can be bolted simply and securely to the frame, which can take a load of up to 400 kg.

Wide Compatibility of WC

Accommodates different types of wall hung WCs as holes are provided at different heights

Perfect Easy Alignment

Fixed inlet and outlet distance (135 mm from centre to centre) means perfect installation of WC, and pre-defined space for cistern results in perfect flushing every time

Adjustable Height

Adjustable legs (0-200 mm) to allow for variation in heights of WC, as required
